

Re-opening Practices & Policies

The Province of Manitoba has announced a gradual lifting of restrictions and a re-opening strategy for specific businesses, including physiotherapy. The Donna Sarna Physiotherapy team are all excited to see our clients as we resume in-clinic care, beginning the week of May 11.

We all must continue to be diligent to limit the spread of COVID-19. Please know we have been working extremely hard to develop and put in place a plan that will allow us to bring services back in a manner that is safe for you and for our staff. This includes ensuring that we have a sufficient supply of personal protective equipment and that we are scheduling our clients in a manner that follows the guidelines for proper social distancing.

Our office staff will contact all our patients to arrange and confirm when your appointment will be. Changes in appointment times may be necessary to adhere to the social distancing guidelines.

As always, we are available to you to help with any other questions or concerns. You may reach us by email at info@dsphysio.com or contact us at (204) 452-2608 for further information. We will see you soon!
